AMENDMENT

and

. TERMINAL DISCLAIMER

Exr: Philip B. Tran

Group Art Unit: 2155

Confirmation No.4033

### Remarks

The applicant's counsel received a telephone conference on May 11, 2005 from Examiner Philip B. Tran. Examiner Tran indicated that this case would be in a condition for allowance if the applicant were to file a terminal disclaimer with respect to U.S. Patent No. 6,205,473 and would cancel claims 72 and 73. The applicant has requested that claims 72 and 73 be cancelled, without prejudice as applicant intends to file a continuation application of this case and wishes to reserve the right to continue to prosecute these claims in a continuation application. The applicant has also included with this response a terminal disclaimer with respect to U.S. Patent No. 6,205,473 as requested. The applicant believes that this amendment and terminal disclaimer is fully responsive to the request of the Examiner in the telephone conference. Accordingly, the applicant respectfully request entry of this amendment and allowance of this application.

Respectfully submitted this 25th day of May, 2005.
